

Overview:

This report provides summary information on all Requests for Proposal (RFPs) sent by Developmental Pathways (DP) for the entirety of Fiscal Year 2016 (7/1/2015—6/30/2016). The report summarizes RFPs sent for the following programs: HCBS-CES, HCBS-DD, HCBS-SLS, and State SLS. Data are current as of 11/10/2016.

Summary by Provider 4

RFP No Response Reporting 6

RFP Final Status Reporting (“No Placement Found” Reporting) 8

Explanation of Terms Used:

- RFPs Submitted:** Total number of unique lines on the RFP tracking; clients may have multiple lines when multiple RFPs have been sent for the same client.
- RFPs Placed:** Total number of RFPs with placement reported
- RFPs Withdrawn:** Total number of RFPs where the case manager, client, and/or guardian requested that the RFP be marked withdrawn
- RFPs With No Placement:** Total number of RFPs where no placement was found and the outcome was reported
- RFPs Listed As Active:** Total number of RFPs where the final status was not reported and/or which remain open as of the date the reporting was pulled. There were no remaining requests active as of the date of analysis.
- RFPs Left Open per Family Request:** Total number of RFPs where the person in services is satisfied with the responses they’ve received and they are in the process of deciding on a provider.
- DP Affiliated Entity:** Continuum of Colorado

Notes on These Data

The count of RFPs approximates, but does not precisely correlate, to the number of services requested; In FY16 there were 9 RFPs sent out requesting multiple services for the same client in a single request.

Additionally, our process to address RFPs that need to be resent (due to lack of responses or the individual's request to solicit additional responses) changed partway through the reporting period; initially, resent RFPs were tracked on a new line. The process has been changed to track up to three resends on the same line as the original request; this will better facilitate future reporting on the number of services needed and difficult-to-place services. For this year's reporting, however, the data are mixed, and reliable reporting on resent RFPs are not available.

Overview of Total RFPs

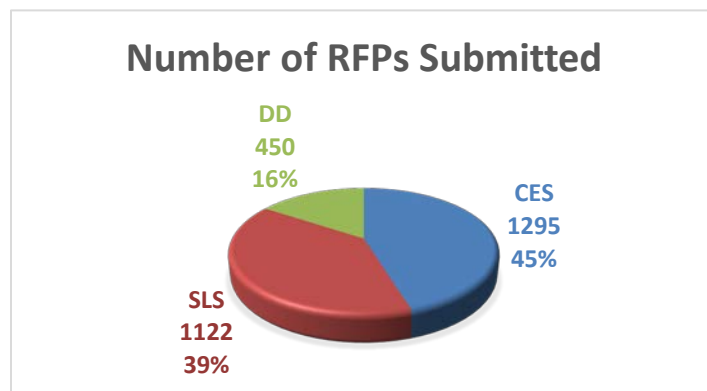

Total Number of RFPs Sent:	2867	
Total Number of RFPs With Zero (0) Positive Responses:	612	21% of total RFPs ²
Total Number of RFPs with One (1) or More Positive Responses:	2189	76% of total RFPs ²
Total Number of Statewide RFPs¹:	66	2% of total RFPs ²
Number of RFPs that Resulted in Placement:	907	32% of total RFPs
Total Unique Clients Represented:	1078	
Number of Clients with Multiple RFP IDs:	672	62% of total clients

¹ Developmental Pathways does not track responses or outcomes for statewide RFPs.

² Percentages may not add up to 100% due to rounding.

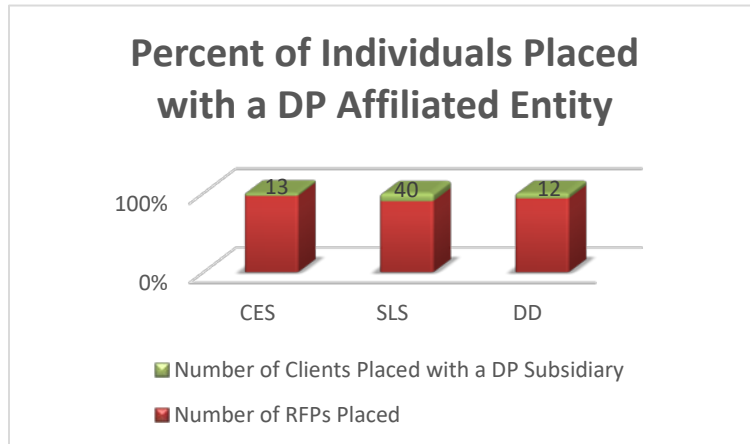

Summary by Waiver

Number of RFPs Submitted

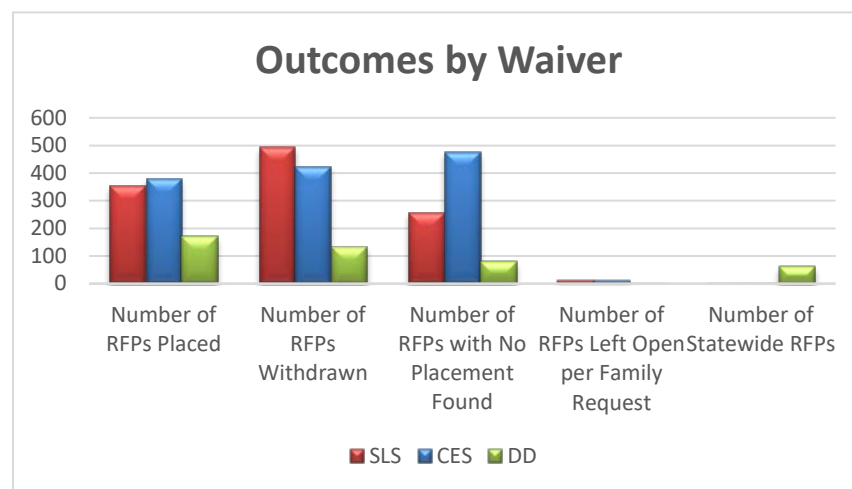

A total of 2867 RFPs were submitted in fiscal year 2016. Of those 2867 RFPs, 16% were sent for individuals on the HCBS-DD waiver, 45% were sent for individuals on the HCBS-CES waiver, and 39% were sent for individuals on the HCBS-SLS waiver. Further details on RFPs by waiver are reported below.

Percent of Individuals Placed with a DP Affiliated Entity

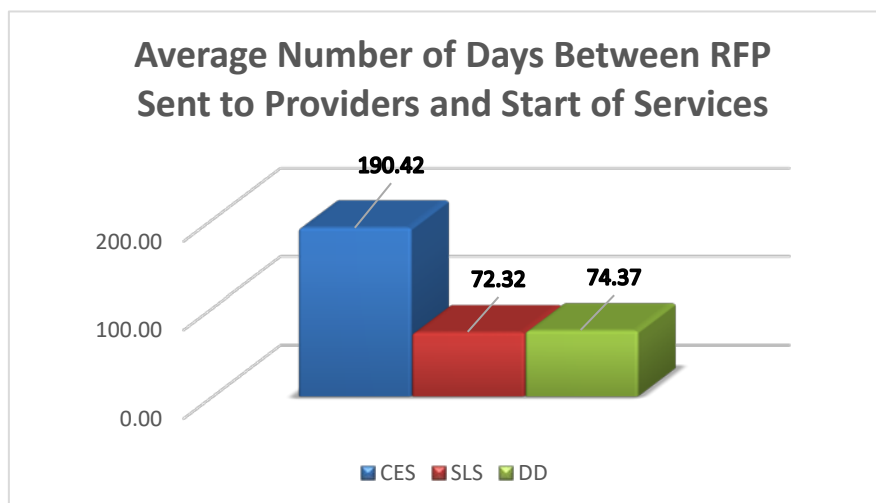

Of the 907 RFPs that resulted in placement with a provider, a total of 65 placements (7.17%) were with Continuum of Colorado, Developmental Pathways' affiliated entity.

Outcomes by Waiver

Of the 2867 RFPs that were submitted, a total of 907 (32%) were placed with a provider, 1053 (37%) were withdrawn, 816 (28%) resulted in no placement being found, 25 (1%) were left open at the request of the person in services and/or their family, and 66 (2%) were statewide RFPs.

Average Number of Days Between RFPs Sent to Providers and the Start Date of Services

For RFPs that resulted in placement, across all waivers there was an average of 113 days (approximately 3.7 months) between when the RFP was sent to providers and when the individual began services with the chosen provider. This span includes time for the providers to review and respond to the request; time for the case

manager to forward the responses to the person in services and/or their representative(s); time for the person in services to meet with, interview, and select providers; and time for the team to determine the amount/scope/frequency and duration of services and revise the service plan.

The data show that CES services take significantly longer to place and begin services. Anecdotal information suggests that this is due to families feeling overwhelmed and struggling to find the time to meet with providers and get services established. Additionally, there are likely provider capacity issues that exacerbate these timelines, as demonstrated by the no response rates later in this report.

Summary by Provider

This chart shows the frequency with which each provider was selected to provide services as a result of the RFP process, by waiver.

SLS	1119	181	16%
DD	387	37	10%
Total	2801	612	22%

Requests for services made by individuals on the HCBS-CES waiver were most likely to garner no responses.

Requests made for Individuals with a SIS support level of 6 were most likely to receive no positive responses; there are no significant differences among the rate of no response among the other support levels. Because so few requests were made for individuals with a SIS support level of 7, no conclusions can be drawn from those data.

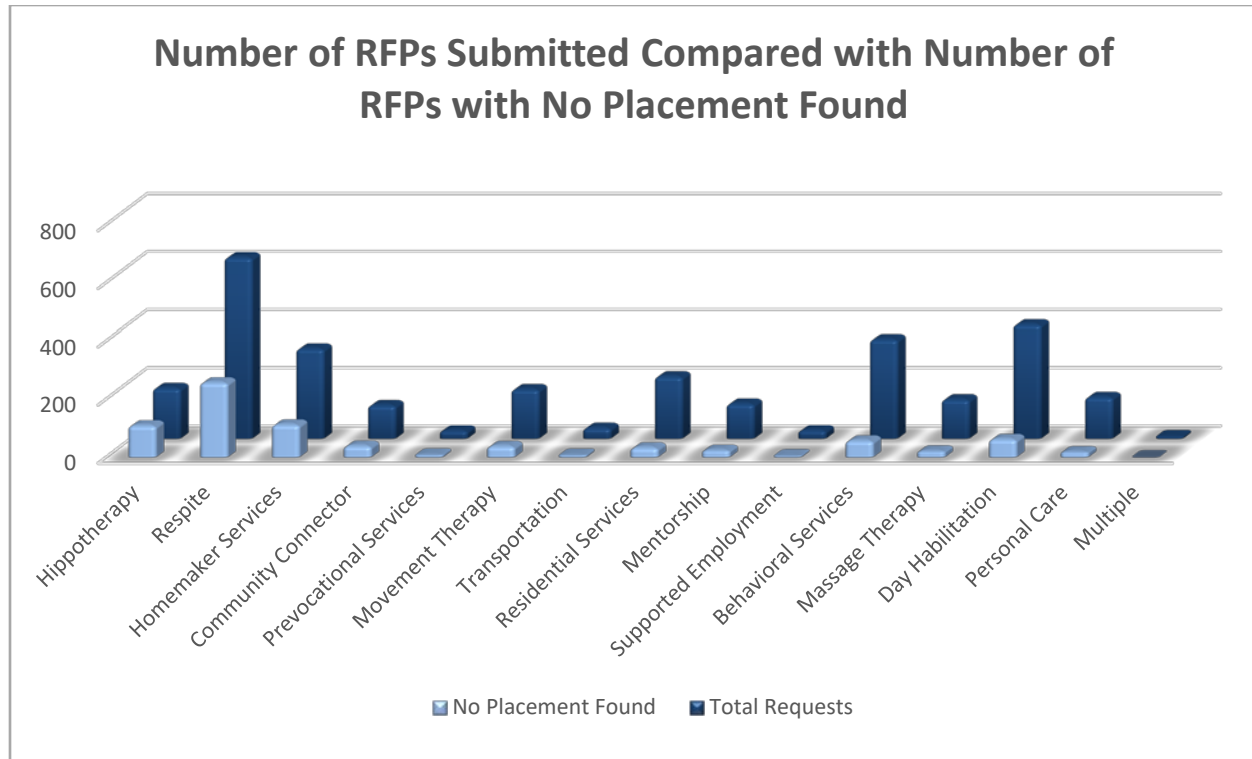

Results by SIS Support Level			
SIS Support Level	Number of Requests	Number with No Positive Responses	Percent with No Positive Responses

RFP Final Status Reporting (“No Placement Found” Reporting)

The following table shows the frequency at which specific services are placed, withdrawn, or result in no placement being found, sorted in order of the services for which a provider is most frequently not found (percent not placed). Services with the highest percent of requests made are highlighted.

Category of Service Requested	No Placement Found	Withdrawn	Placed/ Completed	Left Open per Family Request	Statewide Requests	Total Requests	Percent Not Placed	Percent of Requests Made
Hippotherapy	111	54	9	2	0	176	63%	6%
Respite	259	193	168	5	0	625	41%	22%
Homemaker Services	114	120	77	1	0	312	37%	11%
Community Connector	41	46	28	2	0	117	36%	4%

Massage Therapy	23	48	62	4	0	137	17%	5%
Day Habilitation	63	153	175	2	1	394	16%	14%
Personal Care	20	78	45	1	1	145	14%	5%
Multiple ⁴	0	0	3	0	6	9	0%	0%
Totals	816	1053	907	25	66	2867	29%	

⁴In some instances, services are combined on the RFP tracking and accounted for under “multiple” on the above chart.

The following tables show the frequency of RFPs being placed, withdrawn, or not placed by waiver and by service. Again, the services for each waiver that are most frequently requested are highlighted.

Category of Service Requested	DD							
	No Placement Found	Withdrawn	Placed/Completed	Left Open per Family Request	Statewide Requests	Total Requests	Percent Not Placed	Percent of Requests Made
Prevocational Services	4	4	0	0	0	8	50%	2%
Supported Employment	3	2	3	0	0	8	38%	2%
Behavioral Services	17	27	36	0	2	82	21%	18%
Day Habilitation	22	41	62	1	1	127	17%	28%
Residential Services	34	51	67	1	55	208	16%	46%
Transportation	1	6	2	0	0	9	11%	2%
Community Connector ⁵	0	1	0	0	0	1	0%	0%
Respite ⁶	0	2	0	0	0	2	0%	0%
Multiple	0	0	0	0	5	5	0%	1%
Totals	81	134	170	2	63	450	18%	

⁵ Community Connector is not a service available on the HCBS-DD waiver. A request for community connector for an individual on the DD waiver was sent out accidentally.

⁶ Respite is not a service available on the HCBS-DD waiver. Respite requests for individuals on the DD waiver are for temporary residential placements.

Totals	259	492	356	12	1119	23%	

The following tables present a geographical analysis of the requests where no placement was found, by county, city, and zip code. The geographical analysis is based on the current residential address of the individual for whom the RFP was sent. Note that the total RFPs by each grouping do not match the total requests seen elsewhere in this report; these charts show data only for requests not placed, therefore geographical areas (counties, cities, and zip codes) where all RFPs were placed do not appear with these data. Statewide RFPs are not included with these data, since we do not have geographical information for those individuals.

Total Requests	816	2801		

The final table (on the following pages) shows the rate of “No Placement” by both city and service, showing which supports are most needed in which locations. The cities are sorted such that cities with the highest total number of requests are at the top. The cells highlighted in the columns “Percent Not Placed” and “Percent Requested” are those that are above average for that service.

	Respite				Day Habilitation				Massage Therapy				Homemaker Services				Movement Therapy				Behavioral Services				Residential Services
