Developmental Pathways FY17-18 SB38
Compliance Guide
**Senate Bill 38** was passed in 2016 to promote the transparency of Community Centered Boards (CCBs) by making these public service organizations subject to enhanced transparency regulations.

Under [SB16-038](http://leg.colorado.gov/bills/sb16-038), Community Centered Boards are required to:

1) Comply with the Colorado Local Government Audit Law in order to promote public transparency.
2) Undergo additional discretionary audits at the request of the Office of the State Auditor (OSA).
3) Make available to the public current and ongoing information and documentation pertaining to the CCB’s finances, Board of Directors (BOD), etc.

As a steward of governmental dollars, Developmental Pathways holds itself to a high standard of transparency. We are proud to note that we had proactively implemented most of the standards outlined in SB38 even before the bill was passed.

As part of our commitment to transparency, we’ve provided this guide to summarize specifically how we comply with each of the regulations outlined in this Act.

If you have questions about SB38, beyond what is outlined in this guide, please contact us at info@dpcolo.org.
