

# Welcome to Early Intervention

We're excited to work with you & your child!

## Getting Started:

This is a no-cost developmental evaluation available for all children newborn to age 3.

A person from Developmental Pathways will call you. You can also call 303-858-2229. Let us know how and when you want to be contacted.

A Service Coordinator will guide you through the program. You may qualify for other no-cost services in your preferred language.
